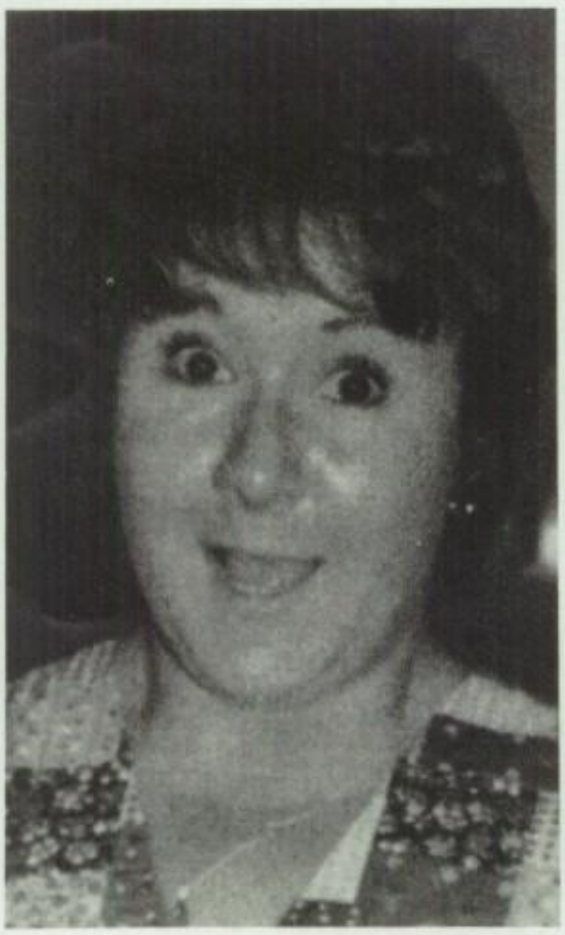
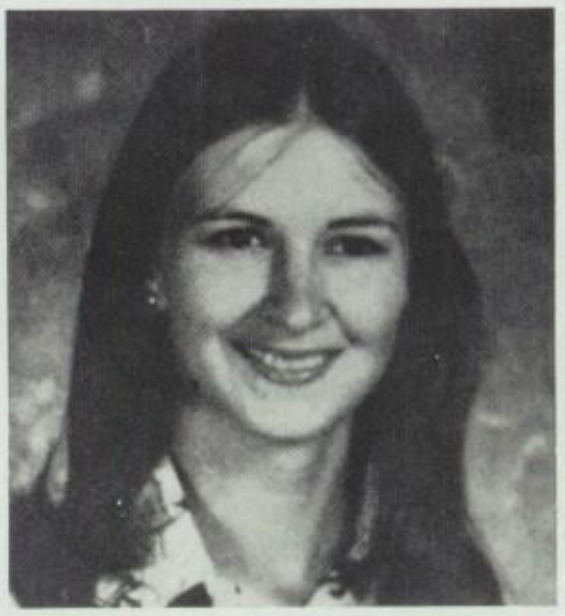
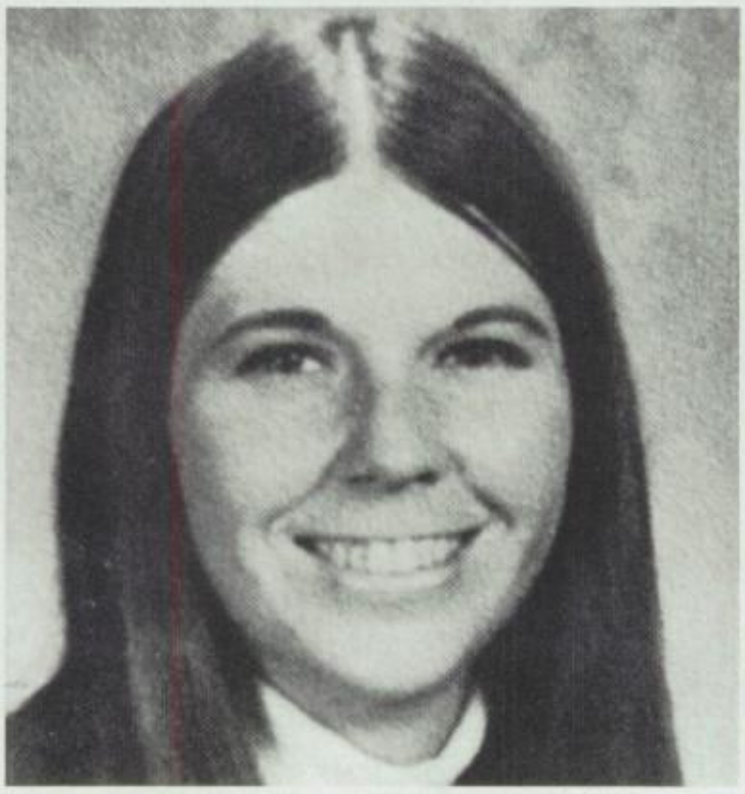
NORTH STAR

A PIECE OF



THE PAST





North Junior High School remains an accredited school by the Southern Association of Secondary Schools and Colleges. It has been an accredited school since 1973. Being a member of the association which covers eleven states means being a better school because certain requirements must be met.

We are proud of our school. Teachers and students strive to reach certain objectives. We must all be aware of the ever changing society, therefore, we must provide a strong basic educational background. We must assure success in basic skills requirements.

We are proud of the records our students make in academics, extra curricular activities, and interscholastic competition. Our teachers want students to do well.

As we enter into new programs in education, we will accept our responsibility to challenge ourselves to meet whatever task is before us. Let us work with enthusiasm and keep the Gator spirit high.

PRINCIPAL

North Junior High School has established itself as one of the best schools in the county and surrounding area. We are very proud of our school's accomplishments in academics, athletics, and other areas.

Our faculty has grown professionally each year, and the majority of the staff now has a Master's Degree or above. Through professional growth we have been able to broaden our program so that students may explore avenues that will enrich their lives in the future.

We are hopeful that this will be another year of great learning which will enable the students to pursue and accomplish their future goals.

JUNIOR PLEDGE

I hereby declare that I shall always strive;
To be honest and truthful at all times;
To maintain a creditable scholastic record;
To be of service to my teachers and fellows;
To conduct myself in a manner to reflect credit upon my school and community.

Officers: Sheri Byford, Secretary; Jenny Smith, President; Bryan Price, Vice President; Bart Benson, Reporter.

Advisory Council

Monica Fuller, Tiffany Polk, Stacey Ashby, Lynn Liggett, Melissa Howard, Laurel Cook, Darbie Acklen, Wanda Elliott, Chad Copeland, Jamie Gregory.

The Junior division of the National Beta Club was authorized by the National Beta Club Senate on July 22, 1961. Its membership is composed of students from the sixth through the ninth grades, inclusive. The National Senate approved the organization of the Junior division in order to provide an incentive program of scholastic and character excellence for students in their formative years. The objective of the Club is to reward scholastic, leadership, and service achievements among the members of a school's student body.

On August 8, 1961, the first Junior Beta Club chapter was chartered at Millsap Junior High School in Millsap, Texas. North Junior High School received its charter membership on December 1, 1970.

Standards of membership in North's Beta Chapter must conform to the general features as set forth in the National Constitution; and in all cases must be approved by the executive head of the school.

Active membership in the chapter is available to current eighth and ninth grade students. Seventh graders are invited to become members at the end of the first semester of the school term, and upon completion of entrance requirements.

The scholastic standards for membership in this chapter are as follows: a 3.7 grade point average for induction, and the maintenance of a 3.5 during membership in the club. An induction ceremony for new members is held each spring.

The Beta Club Motto—"Let us lead by serving others"—reflects the basic principles of the organization. High standards of good citizenship, leadership, and service to others help to challenge each member to strive for excellence. Beta members at North have been involved in various projects over the years: acting as guides at Open House, donating toys to Human Services, providing refreshments at School Club meetings, working in the Haunted House at Fall Festival, programs at school during the Christmas season, operating the concession stand at football games, and conducting school activities in honor of American Education Week.

The Beta Club is proud to be a vital part of a well-rounded student activity program at North. The Club will continue to strive for a place of honor and merit among the student leadership organizations of our community.

"Let Us Lead By Serving Others."

Danny,
To a really sweet guy. I don't know ya all that well, but actually it has been around a year since I met ya. You are a pretty good guy with an alright personality. I hope you always have the best out of life and great luck. Always be sweet and crazy and one way or another you'll go somewhere. Be careful and God bless you always!

Love ya,
Rita
